## Black & Blue Party at Oneida

The Black & Blue Party is quickly approaching and will be held during Uniform Weekend on Saturday, September 16, 2017. The party will be hosted by the men of 77 Sunset Strip and yours truly Tracey. The party is FREE to all Oneida guests and seasonals including day pass holders.

While most people know that Black & Blue Parties traditionally mean "Leather & Levis" only, we are putting a small spin on the party theme. We are encouraging our guests to be creative in what they wear to the party. Leather & Levis are much appreciated, NOT a requirement.

The party at 77 Sunset Strip is from 7 pm till 10 pm with light fare, drinks and music by DJ Craig to dance to under the disco ball and lights. At 10 pm the party will continue at Club "O". And what's a Black & Blue Party without a visit to the famous Dungeon across from the cafe with your host Michael P.

We look forward to an unforgettable evening with everyone. There will be a small gift to the first 50 guests to arrive (or while supplies last)

If you have any questions please reach out to the men of 77 Sunset Strip (Ed Tony Michael, Wayne, Craig, Mike) or Tracey.

## Let's Keep the Field Decent!

Once again I will remind you that the field is not a place to drive your golf carts around. There are roads for the purpose. The only people that should be on the field grass on golf carts or other vehicles are staff members that are doing their jobs! The constant traffic makes a mess of the grass.

*Ask  
Edna*

Dear Edna,  
During the Pirate Party Miss Eddie was standing next to me drinking beer. She belched and remarked to me that she just burped up my husband. What did she mean by that?  
Perplexed

*Dear Perplexed,  
That was her way of trying to tell you that your husband is cheating on you with her--but don't worry--nobody ever goes back to her for seconds!*

Dear Edna,  
I am an attractive red blooded gay American man and as such, I love cock. Fortunately I am single and can partake of the cock as often as I want. Unfortunately I live in the land of cock blockers. Those pesky critters are in everything and just won't go away. They hover around waiting for the moment to pounce on their prey. Why are they muscling in when I'm in mid conversation with someone! What really pisses me off is when the cock blocker is partnered and already gets cock on a regular basis! What should I do? Should I call an exterminator or is there a spray I can use?

--Cock Block Infestation

*Dear Cock Block Infestation,  
Just politely ask Robby to leave!*
