

ONEIDA RAG

WEEKLY NEWSLETTER OF ONEIDA CAMPGROUND & LODGE

VOLUME 13, NO. 1

Editor: Ron MacIntyre

April 13, 2018

Welcome Back!

It's been a long, long, winter! Once again the brunt of the bad weather came in March putting us far behind in getting things ready for opening day! Most of March was spent plowing--and even then it was difficult to get around the campground and it took weeks to clear the whole campground. Water was the next disaster since we had

to turn it on two weeks before opening to meet state deadlines. Of course it snowed after the water was turned on and turned bitterly cold freezing half the system!

On a high note, some more work was done on the roads and the two worst areas in the back of the campground

(near the Seneca bath house) have been filled in. We are still grappling with some electrical issues which we hope to have solved soon, but the winter brought down several trees and lots of wires.

All in all we have caught up with the worst problems. If you hadn't noticed though, today is Friday the 13th, so more could go wrong!

Leaf Blowing

I'm sure many of you will want to blow the leaves off your site. Please be aware that they must be blown into the woods, not into the road or a neighboring site! If you do this we will take time out of our schedules to blow as many leaves as we can back onto your site! Also if you have a drainage ditch in the road adjacent to your site, please try to keep that as clear of leaves as possible. By keeping these ditches clear the roads will drain much more efficiently.

You're Invited!

Saturday night April 14, at 6:30 our very own Councilman Bob (a.k.a. Sarah Palin) will be hosting the opening weekend dinner at Club "O". The entree will be Chicken Marsala and there will be salads and brownies to boot! Hope to see you all there!

Opening Up?

When you open up your trailer this weekend, first check if you have water on your site. Be careful of attaching water to your camper, since we still expect some freezing nights and your trailer plumbing could easily freeze and be destroyed during the week while you are not here!

At Your Own Risk!

Because of the low temperatures predicted for next week we suggest you use the main bath house or lodge bath house rather than connect your trailer to the water system. Once you fill your system it can easily freeze and destroy your plumbing including hot water heaters and toilets!

Camp Clean-up Weekend is Next Week

Next weekend is camp clean-up. Please consider giving us a few hour of your time on Saturday to get some projects done. We will need some people to clean up sites, some to help load wood, there will be some assembly projects and possibly even some painting. Those that help us Saturday will be get free pizza at the Club on Saturday evening.

Be Observant!

If you notice any water leaks (no matter how small) or damaged electrical wires, please call the office immediately so that we can attend to it!

This Weekends Events

Friday 10 am Camp Opens!

Friday Night: 9 pm Campfire lit. 10 pm till 2 am Club "O" open

Saturday Evening: 6:30 Opening Weekend Dinner compliments of Bob Weslar

Saturday Night: 9 pm Campfire lit Club "O" opens 10 pm till 2 am

Office Hours

Sunday - Thursday

10 a.m. - 6 p.m.

Friday - Saturday

10 a.m. - 11 p.m.
