The Season's Over...See You All Next Spring

The Season is officially over on Monday at 6 p.m. It has been a great season. We had some major losses over the winter with the death of Jon Klingler, Carl Johnson, and Scott Sternquist. They are gone but definitely not forgotten. The parties this year were among the best ever held at Oneida! There was a real spirit of pulling together to accomplish some really great things! We plan on expanding the parties even more next year with several new themes. Much of the success of this season rests with the seasonals. This year more than any other, the seasonal campers have started working together to make the camping experience at Oneida an extraordinary one! Drama was at a minimum this season and everyone seemed to get along. We had a lot of first timers visit the camp this year and a lot of them were much younger. Most of them had nothing but positive things to say about their experience here.

We end this year's season on a familiar note...with our Thanksgiving Dinner and Camp Awards. If you have not yet voted, you have until Friday Oct, 11 at 11 p.m. to do so in the office. The Club will be open Friday and Saturday nights its regular hours and on Sunday we will open from 8 pm until midnight for a kick the keg party. Let's try to finish off all the beer that is left over this year! Remember to pay your deposit before you leave if you have not already done so. There are 35 of you who have not yet paid it. If you do not pay it, you will receive a phone call about moving your trailer off the site! Remember guys, this is a business and we need to be able to plan for next year! Also, if you are not sure how to winterize your trailer, you can have it winterized by Endless Mountains RV Center. The cost for winterization is \$80 and will be done the day after closing! Tony and I hope to see you all at the Thanksgiving Dinner this Saturday night!

Please Excuse the Water Problems!

Some of you, particularly in the back of the camp have been experiencing some problems with water pressure. We are doing our best to solve these problems, but one of our tanks has a bad float and either overfills and spills all over the ground or doesn't fill up at all. To solve this problem until a new float can be installed, we are operating on a single pump instead of two. Because of this if there is an extraordinary use of water we will have low pressure. If you all decide to take showers at same time or decide to wash your trailers we will probably lose water pressure. It's the last weekend, I wish we could make the problem go away, but we can't so please be calm

There is such a Thing as a Free Lunch!

On Saturday October 12th from 12 until 2, Hank Krumholz will be holding a Soup and bread lunch at his site (Site 56). The really great thing about it is that it's free and everyone is invited! So take a little time off from closing up your site and go to Hanks site for your lunch!

Half Price Sale in Camp Store

This weekend all items in the camp store with the exception of ice and firewood will be half price! Take this opportunity to stock up on some of the essentials for winter (lube, etc.) at a big savings!

Site 28A on the Hill is for Sale
